Subject: PFOS and PFOA documents for ATSDR review
Attachments: PFOA HA Draft 021216.docx; PFOA Post External Review 010816.docx; HESD PFOS 121715_lgtg.docx; FINAL PFOA-PFOS-OW HAs 02 22 2016.ppt

Importance: High

Mike,

Here are the internal review drafts of the health effects support documents for PFOA and PFOS and the PFOA health advisory. These were the versions sent internally at EPA for review (we are currently revising the HESDs and awaiting comments on the advisory). We have not finalized the PFOS health advisory.

We are requesting that CPSC focus comments on two issues: the selection of the critical study and the exposure scenario used to derive the HA. The dose-response sections of the HESDs (section 5.0) and section 6.0 of the HA for PFOA are especially germane to this review. We will send you the draft PFOS HA document by early next week. We are requesting review this week (2/26/16). Please do not cite or distribute these documents as they are still in development.

Many thanks in advance for the review!

Jamie
